The masses of all soldiery come weeks of five from the masses of the people; and so each city teacher gives so

The number of births in London is said to have decreased by 500 a day. The British Empires will have another kind of war baby scare to employ its spare time if these alarming fluores are well founded.

The effects of war are visible in one particular which will make this spring different from all others in the world of art. It is usually at this time that the great auction sales of art are in course both in Paris and London. For several years post at this season the art interest of the world has been central and now is its so-called "War Salon."

Persecution of the Russian Jews.
